Health Message

Happy Sabbath Church Family,

Incorporating the Eight Natural Remedies

Tip #6: Faith

Have faith to know and accept that God will help you accomplish your health goals. By setting goals, you will be taking important steps toward better health.

Tip #7: Goals

Set short-term and long-term health goals. Make them realistic.

Tip #8: Prevention

"It is better to prevent disease than to cure it." Eat right, live right, and follow proper principles of health to safeguard your health than predisposing yourself to heart disease, cancer, and premature death.

"Secrets to Wellness" by Ernestine Finley

"To keep the body in a healthy condition, in order that all parts of the living machinery may act harmoniously, should be a study of our life. The children of God cannot glorify Him with sickly bodies or dwarfed minds."

— Ellen G. White, Counsels on Diet and Foods

O LORD my God, I cried to You for help, and You restored my health. - Psalm 30:2 NLT

Grace & Blessings, Sandra Jackson
